THE HISTORY OF ACT-W

2013 · ACT-W begins as a 3-hour career fair in Portland, OR with 100 attendees.

2015 · We expanded to host 3-day conferences in both Portland, OR and Seattle, WA, covering topics appealing to a broader, growing audience.

2017 · Conferences are held in 7 major cities across America: Portland, New York, Boston, Los Angeles, Austin, San Francisco, and Seattle, each with 200+ attendees.

2018 · Our first 3-day National Conference brought together 500+ women and allies from across the country in Phoenix, AZ.

2020 · We held our first online conference, breaking down barriers to access and serving over 400 adults across the country.

JOIN THE ACT-W MOVEMENT

Presented by ChickTech, the nation’s leading nonprofit in growing and retaining womxn* of all ages in technology, ACT-W (Advancing the Careers of Technical Womxn) Conferences are engaging events bringing together talented technical womxn and allies, from beginning programmers to senior developers and C-suite executives.

What makes ACT-W unique is our focus on community and supporting attendees throughout the cycle of their tech careers. With an emphasis on inclusion, we welcome people of all genders, backgrounds, and levels of technical skills.

All proceeds from ACT-W Conferences go towards STEM education programs for under-represented high school students and spreading ChickTech’s reach to create a culture of inclusion for all.

* In 2019, ACT-W began spelling womxn with an x to signal that individuals of all marginalized genders are welcome in our communities. The word womxn refers to transgender, gender-queer, non-binary, and cisgender female identities—regardless of presentation.
WHY ACT-W MATTERS

More than half of technical womxn leave the tech industry by the mid-point of their career¹ while computer and information technology jobs are projected to grow much faster than the average for all occupations in the coming years².

We believe womxn deserve to have the support and opportunities to help fill these much-needed, high-paying jobs.

ACT-W targets the most common 'pain points' that prevent womxn from staying—or entering—the tech industry. Our conferences help both companies and workers prepare for (and implement!) a flourishing, diverse tech industry.

We can't wait to partner with you as we work towards this crucial mission of empowering womxn in tech!

“We need to understand that if we all work on inclusion together, it’s going to be faster, broader, better, and more thorough than anything we can do on our own.”

Ellen Pao — Former Reddit CEO, Current CEO and Co-Founder of Project Include

OUR AUDIENCE

ACT-W participants are diverse, with a wide range of professions, levels of technical experience, and years in the industry represented. Our attendees are comprised of all genders and backgrounds.

As ChickTech and ACT-W work to create a movement that includes all people, diversity, equity, and inclusion are extremely important. We are committed to providing an inclusive and welcoming environment for our staff, volunteers, and program participants.

1,004 ATTENDEES
4 REGIONAL CONFERENCES
67,000 WEBSITE VIEWS
90 Percent of attendees felt ACT-W sessions were relevant to their careers
